MRS. W. M. FRANKLIN,  
MRS. W. M. McGEHE, Aunts.

## Base Ball Notes.

On Monday, September 1, at 5 p. m., Kennedy, with his Black Cats were at the A. C. I. park in Jacksonville according to agreement. Umpire Snow called the game at 5:30.

Kennedy's Black Cats lost this game, 16 to 1, in favor of Jacksonville Black Tigers.

The Black Cats scored on the first inning and the manager and the Cats agreed not to try to score any more and let the Tigers have the game, it being the only game won by Jacksonville on their diamond against the Cats this season.

Games played by Tigers and Cats, 7. Cats won 5 and Tigers 2.

We regret that the report of the game on Friday, prior to the game of Sept. 1, as given by Jacksonville manager, was so inaccurate, for the score of 8 to 3 were not correct. He forfeited his game in the sixth inning on account of the decision rendered by the umpire. Umpire Snow at 9, in favor of the Black Cats.

The Tigers lost Saturday's game because they were too weak for the Cats. They were at the mercy of Williams and Williams.

Manager Vaughn, the Tiger manager, failed to stand up to his agreement with the Black Cats. The Cats played "fifty-fifty" and he refused to turn over to Kennedy his half of the gate receipts, without cause.

We trust that no other visiting team will be treated in like manner. Saturday's game was played smoothly, and was witnessed by more than 350 people.

## CARD OF THANKS.

Consolation is a great thing and is so sweet in the time of affliction. Such were the demonstrations shown by the friends of Mr. and Mrs. John Lloyd, during their sorrow over the death of their son, L. C. Lloyd, who departed this life July 27, 1919. For your kind and loving sympathy with beautiful floral offerings we extend our heartfelt thanks.

Signed:  
MR. and MRS. JOHN LLOYD and FAMILY.

## OCT 18 IS "TEXAS MAYOR'S DAY" AT STATE FAIR

Dallas, Texas, Sept. 4.—All mayors in Texas have been invited to be present in Dallas on Texas Mayor's Day of the State Fair. By official announcement of the State Fair management, Saturday, October 18 has been designated as "Texas Mayor's Day." At this time, the League of Texas Municipalities will hold a meeting, and the mayors will be guests of Mayor Frank W. Wozencraft of the City of Dallas at a dinner.

In addition to the State Fair and its exhibitors on Saturday, October 18, October 18, there will be other attractions.

A business session of the League of Texas Municipalities will be held for the members of the committee recently appointed to draft measure for submission to the Texas Mayors, which would provide regulation of some nature for the public utility interests of the state. On Aug. 19th, the League of Texas Municipalities held an open meeting for the purpose of discussing these questions. Representative of fifty-two cities were present, and letters were received from many more who could not attend. At this time it was generally understood that a measure of some kind providing regulatory powers for the utilities was desirable, and the meeting finally agreed upon the appointment of a committee to draft tentative provisions. It was the plan to inter call a meeting of the Texas Mayors and submit the matter for their approval, after a copy of it has been sent to each for consideration and study.

Mayor Wozencraft of Dallas, President of the League of Texas Municipalities, appointed a Committee composed of the following Mayors to consider the matter: A. E. Ammerman of Houston; Sam C. Bell of San Antonio; J. H. Painter of Crickett; J. H. Ford of Decatur; J. W. Chancellor Bowie; Dallas Scarborough of Abilene.

In order to properly finance the activities of the League in its organization, as urged by Mayor Wozencraft and others for the purpose of protection of the respective interests of the cities and towns against the utilities, it was decided to levy an assessment upon each city on the basis of one cent per capita for each person, according to the 1910 census. Although sought by injunction to prevent the appropriation of this money by the city of Dallas, the court refused to sustain the contentions that it was illegal to appropriate funds from the city funds for this purpose and Mayor Wozencraft was the first to deposit the appropriation of his city.

In order to fully protect the city, he later announced that should any subsequent court hold the appropriation illegal that he would personally refund the money. The money to be collected will not be used for any purpose except the proper drafting of a bill to be presented to the legislature at its earliest session, if possible.

sible, for the curbing of utility power. It was specifically agreed that no paid lobby would be maintained to urge its passage.

A number of state officials as well as Governor Hobby, are reported favorable to such regulatory measure, and when a measure is agreed upon it will have the support of the cities and towns alike in contravention to former instances where the utility interests have succeeded in breaking large cities from the towns and vice versa.

The preliminary draft of the bill as

will probably be taken up at the Dallas meeting on Texas Mayor's Day, October 18th. Dallas is making plans to entertain the Mayors in a fitting manner.
